

# Mousepad

## **Mousepad:**

- 1. The mousepad may work by pressing INTO the touchpad.**
  - 2. The mousepad may work by TAPPING the touchpad (not by pressing into it).**
  - 3. If available, a mouse (wired or wireless) can be connected to any available USB port to work as an external mouse.**
  - 4. If available, a Bluetooth mouse can be connected by pairing the device to the Chromebook.**
-
